Vessel USCGC KENNEBEC

Contract# 70Z085-18-C-P45290

Subject: Special Thanks & Congratulations To the entire Marcom Services, LLC

To Whom It May Concern:

G I Industrial-Marine, LLC would like to take this opportunity to officially thank Marcom Services, LLC for the team assembled to aid in the management and development of the recently successful Completion of the dockside contract referenced above. Thanks to the expertise of the team led by Mr. Andrew Merritt and the flexibility of the entire Crew we were able to fully contain nearly 4000 sq. ft. of surface preservation safely while afloat. This availability endured nearly half its schedule under adverse weather pattern yet this Marcom Services Team accomplished both short notice check points and precision removal/coating operations to help land it's success. Lastly I would like to than our GOD & the Executive Management Team for Marcom Services, LLC for giving us the nod and experience to attempt and manage the delivery thereof, such a wonderful water borne operation. Our organization looks forward to the future opportunities to work with this fine team.

Roland L. Carpenter

Pres/ CEO

G I Industrial-Marine, LLC
